Going to work in the morning

My job is a long distance from my home, almost 50 miles away. I have to wake up early every morning, as I'm always in a rush. There's never enough time for a relaxed breakfast. At exactly 6:00 AM, I get into my car and start the long drive.

I usually like driving on the highway more than in the city. During the morning rush hour, though, it's not very enjoyable. The heavy traffic is a little bit annoying. So I always listen to my favorite classical music CD's in the car – Chopin, Mozart, and Bach. That cheers me up a lot.

The drive to work takes about one hour. Going back home in the evening after work takes even longer, maybe around 70 minutes. Lately I've been thinking about trying to take the train to work instead of driving. That way, I could still listen to my music with headphones, and even read a novel at the same time.

My morning routine

My name is Bob. Each day I drive my kids to school. My daughter goes to a school that's far from our house. It takes 30 minutes to get there. Then I drive my son to his school. It's close to my job. My daughter is in the sixth grade and my son is in the second. They are both good students. My daughter usually sings her favorite songs while I drive. My son usually sleeps.

I arrive at the office at 8:30 AM. I say good morning to all my workmates then I get a big cup of hot coffee. I turn on my computer and read my email. Some days I have a lot to read. Soon I need another cup of coffee.

My city

My city isn't a bad city however it's nothing to get too excited about either. Because it's a quiet city with very little crime lots of people move here to start families. There are plenty of schools and several parks. There are also quite a number of jobs. People work in both offices and factories.

Having grown up here, I know it well. Too well. I'm ready to move to another place. I want to see other cities and other countries. I think it's important to learn new things and explore other cultures. I like to spend time with people who have ideas that are different from my ideas. It helps me to see things in a new way.
